

Ultras Data Privacy Notice

What information is being collected?

The information we are collecting includes:

- Name
- Address including postcode
- Email
- Trade Union membership status
- Membership number
- Expiry of membership
- Voting on your player of the season
- We produce case studies with some Ultras about their experiences as a member depending on consent.

Who is collecting it?

AFC Unity are collecting and processing this information.

How is it collected?

There are two ways in which we collect this information, depending on whether the application is electronic or by hard copy.

The electronic process is accessed via our [AFC Unity Ultras page](#) on our website where there are four different payment options of Ultras membership. The payment process is

conducted via PayPal and this is where we collect data needed for the Ultras membership to be processed.

The hard copy process involves completing the “AFC Unity Ultras Membership Pack” and the “AFC Unity Ultras Member Contact Details” form, and this is how we collect data needed for the Ultras membership to be processed.

If the process is completed as a hard copy it will become digitised with the hard copy being shredded.

We categorise this data to create a membership database, which is stored electronically.

The vote on your player of the season is done via a SurveyMonkey link and this does not ask for your name, so your vote is anonymous.

For case studies, we will advertise via our regular newsletter the opportunity to take part in answering several questions via email to produce a case study about being an Ultras member, which will then be compiled into an article that will be displayed online on our website, and potentially summarised as quotes via images that will be shared on social media.

How will it be used?
